

## M-CNC 5 Axis Machining

### DMU 75 monoBLOCK

One-piece column with large, stable slideways in all axis, making it suitable for heat resistant alloys and other difficult to machine materials.

#### Specification

Max. X travels	750mm
Max. Y travels	650mm
Max. Z travels	60mm
Max. table load	600kg
Table diameter	650mm

### DMG MORI DMF 260/7 linear

Travelling column machine with 700mm diameter integrated rotary table and B-axis for highest flexibility and productivity.

#### Specification

Max. X travels	2,600mm
Max. Y travels	700mm
Max. Z travels	700mm
Max. table load	2,150kg
Table length	2,900mm
Table width	700mm
